(85cc + 125cc on 13&14-07, 500 + 250 on 14&15-07)

By sending in an entry form to participate in the KNMV Dutch Masters of Motocross competition each rider accepts any duties at an event regarding promotion of the competition.

By signing this entry form the rider certifies that he is holder of the appropriate FIM license, is insured for personal accidents according to the relevant FIM/FIM Europe provisions and are authorised to start at above mentioned meeting.

According to Article 110.2 of the FIM Sporting Code, when granting a start permission or by issuing an FIM/FIM Europe riders license, the FMN is certifying that the rider is insured for personal accidents covering death, permanent disability, medical treatment and repatriation in conformity with the FIM Regulations and Annuaire. Each rider must send an official Starting Permission from their Federation to the KNMV before the first event the rider wants to participate. The KNMV Motocross Commission will decide which riders, if not qualified through the ONK, will be entered for each event. For the final event the Motocross Commissie will decide the riders who will be entered.

Permanent FIM WC riders will always be entered for the Dutch Masters of Motocross events. Other foreign riders can qualify themselves through the ONK Competition. The top 30 (ONK 500cc & ONK 250cc) and the top 40 (ONK 85cc BW & ONK 125cc) of the actual standings will be put on the entry list for the next event. Riders may also be accepted by invitation of the Motocross Commission. When a rider is not yet 18 years old a parent must sign this form.
